

Crone and Aboudi Join Forces to Form Crone Law Group Israel

Bringing international resources to the Israeli market and providing expanded services globally to meet demand

NEW YORK, February 3, 2023 (GLOBE NEWSWIRE) -- via InvestorWire -- The Crone Law Group, P.C. (CLG) with offices in North America and China, and David Aboudi Adv., operating in Israel and the United States, jointly announce today that they have formed Crone Law Group Israel. Based in Tel Aviv, Crone Law Group Israel, with its diverse international clientele, brings global resources, in-depth experience and sophistication in international business and capital markets and U.S. corporate securities to Israel, to meet the local growing demand for such services.

“Our offices located in the business district of Tel Aviv will allow us to bring the legal expertise of our combined team of attorneys to the Israeli business community,” commented CLG Managing Partner Mark Crone. “David and I, and our teams, have worked together with many clients in both the U.S. and Israel on several matters. It just made sense to formalize our partnership and the services we can provide in the region, in addition to our practices in the Americas and Asia.”

David Aboudi shares enthusiasm surrounding the opportunities Crone Law Group Israel brings to his clients. “This partnership provides the resources to assist more businesses in our region, some that we had to turn away before. Partnering with CLG allows us to expand our business in Israel and North America, through joining our years of experience and tapping into the global team of experts at CLG,” said Mr. Aboudi. “Combining forces will enable ease in supporting not only domestic, but also cross-border and often cross-continent trade on behalf of clients.”
